

Northwind Desk — Support FAQ

How do I reset my password?

Go to the sign-in page and click 'Forgot password'. Enter the email address on your account and we will send a reset link within a few minutes. The link expires after 60 minutes. If you do not receive it, check your spam folder or ask support to trigger a manual reset. Support agents may send password-reset instructions without additional approval; agents must never set a password on a customer's behalf.

I was double-charged. Can I get a refund?

If you see a duplicate charge, contact support with the invoice numbers. Verified duplicate charges are always refunded in full. Refunds of 50 USD or less can be issued directly by a support agent. Any refund above 50 USD requires approval by a human supervisor before it is processed. Refunds are returned to the original payment method within 5-7 business days.

How do I cancel my plan?

You can request cancellation from Settings, or by contacting support. Plan cancellations are account-level changes and always require human supervisor approval before they take effect. Annual plans cancelled within 30 days of purchase receive a full refund; after 30 days the plan remains active until the end of the paid term. Monthly plans are not refundable; cancellation stops the next renewal.

How do I close my account entirely?

Account closure is permanent and requires human supervisor approval. After closure, all customer data is permanently deleted 30 days later. During those 30 days you may reopen the account and recover your data.

What are your support hours?

Chat and email support are available 24/7. Phone support for Enterprise customers is available Monday through Friday, 9am to 6pm US Eastern.
